

# Saf-Gard

SAFETY SHOE COMPANY™

YOU WORK HARD,  
YOUR FEET SHOULDN'T.

## WHO IS SAF-GARD?

The Saf-Gard story began in Greensboro, North Carolina in 1980. We wanted to do more than just sell shoes to our customers, we wanted to educate and provide them with superior customer service as well in order to ensure that they received the perfect pair of safety shoes. Four decades have passed and we still haven't changed our core values, or our goals of going above and beyond for our customers.

Our goal is to provide top-quality safety footwear from brands you know and love, and to help companies make informed decisions when implementing a safety shoe program.
