PRODUCTS & SERVICES

Supplies. Service. Solutions.

nhbragg.com
TRUSTED FOR OVER 160 YEARS...

Since 1854, NH Bragg, A Division of Horizon Solutions™, has been a trusted source for industrial and safety supplies across New England and beyond. Since our start as a supplier to local blacksmiths, we’ve grown to serve businesses and customers in many of today’s most demanding industries. From construction sites to machine shops to shipyards to breweries—we are there.

Our customers come to us for our product expertise, safety training, inventory management solutions, tool repair services, and much more. Our knowledgeable sales staff is ready to address our customers’ needs and is committed to providing value-added services that address their most complex problems.

From help finding obscure products to inventory management to supplier consolidation, we take the time to learn about your business and build longstanding relationships based on trust, knowledge, and respect.

Through a commitment to quality, unrivaled service, and expertly designed solutions, we help businesses stay safe, productive, and efficient.

OUR AFFILIATIONS

NH Bragg is a leading member of Affiliated Distributors (AD), the largest wholesale buying and marketing group in North America. AD unites more than 540 independent distributors with more than 4,000 locations in North America. Purchasing as a $41 billion entity provides us with significant advantages.

Thanks to our partnership with supplyFORCE, we are able to offer national account and integrated supply contracts to customers looking to lower inventory and reduce transactional costs, while also providing partnership agreements with national accounts across multiple locations.

What does this mean for your business?

It means NH Bragg can offer the benefits of a national distributor with the specialized service and close business relationship that only a locally-owned and operated company can provide.
EXCELLENT CUSTOMER SERVICE ON DISPLAY

We have over 60 employees across our three locations. Each location features a large showroom, displaying a wide variety of products, including power tools, safety products, abrasives, hand tools, and more. Our 82,000 square foot warehouse in Bangor is home to over 30,000 in-stock products and offers same-day pickup and next-day delivery options. With access to over 500,000 products from over 500 brands, if you can’t find what you’re looking for, just ask! We probably have it just steps away in our warehouse or in stock at another location with next-day availability.

SHOP ONLINE @ NHBRAGG.COM

Save time, reduce cost, and manage information with an account on nhbragg.com. Our website features clean, intuitive navigation, improved search functionality, enhanced product detail pages, live product availability, and a comprehensive account dashboard to improve your experience.

Link your online account to your existing customer account to view order history as far back as two years, manage shopping lists using your own customer part numbers, and maintain various ship-to locations. With nhbragg.com, you can manage multiple users, hold orders for purchaser approval, see up-to-date pricing and availability, and much more.

For assistance setting up an account, give us a call at 1-877-642-7244.
VENDOR MANAGED INVENTORY

You build, produce, and innovate. You’re an expert in your field—but not necessarily in supply chain management. Let NH Bragg streamline your entire procurement process, make your job easier, and help your company stay competitive in today’s marketplace.

With our help, you won’t have to spend so much time searching for suppliers or filling out purchase orders. You won’t have to deal with surplus inventory — or face production downtime because of missing parts or maintenance items. We will stay on top of it for you.

From small to large, we offer an array of solutions to make your organization more efficient and drive down supply chain costs. Mix and match to build a program that fits your needs, and talk with us about your ideas. As a privately owned company with an in-house IT team, we have the flexibility to customize a program that suits your company.

NH BRAGG VMI SOLUTIONS:

LABELING SOLUTIONS:
Help identify, organize, and order your inventory with bar code labels.

BAR CODE SCANNING:
You scan or we scan those labels. Either way, ordering is faster, easier, and more accurate.

WEB-BASED ORDERING:
Take that scanned information and upload to our website to save time and increase accuracy. You can also create your own list of common purchases on our website and order from there.

SPECIAL PACKAGING/SHIPMENT STAGING:
Do you have multiple docks, buildings, tool rooms, or cost centers? We can break your order into separate pieces, saving you time and money.

VENDING SYSTEMS:
Never worry about missing tools or running dangerously low on supplies that are critical to your daily operations. NH Bragg and CribMaster can supply point-of-use dispensing systems to help you efficiently track and maintain a large number of tools, parts, safety supplies, and other important items.

TAILORED INVOICING/REPORTING FORMATS:
We can provide you with customized formats and content for invoicing or usage reports.

Every organization is different. If the above list doesn’t get it done for you, give us a call to discuss customized solutions.
Creating a safe work environment is just the right thing to do. As a bonus, it improves productivity and lowers costs. That’s why NH Bragg is committed to developing and delivering safety training programs that optimize both employee and business performance. Our training center at our Scarborough, Maine location can accommodate groups of twenty-five employees for both classroom and hands-on training.

GET IT NOW
Safety doesn’t wait. We have the largest inventory in New England. We offer same-day pick-up or overnight shipping from all three of our branches.

SERVICE & REPAIR
Keep your safety equipment inspected and in compliance. We can assist with your in-house inspections needs, recalibration, recertification, and repair. Contact a member of our team with your specific needs.

OUR SAFETY AFFILIATIONS

PROUD MEMBER OF:
National Safety Council
Safety & Health Council of Northern New England
WE STAND BY WHAT WE SELL

Our team of trained technicians is able to service most of the tools and equipment we sell, from power tools to pressure washers. Backed by a large, local inventory of spare parts, we are able to provide rapid turnaround on repairs. We are an authorized warranty service center for a wide variety of manufacturers, including: Dewalt, Milwaukee, Enerpac, Ingersoll-Rand, Chicago Pneumatic, JET, and more.

REPAIR RATE

<table>
<thead>
<tr>
<th>Standard:</th>
<th>$48.00/hour</th>
<th>$24.00 tear-down/estimate fee*</th>
</tr>
</thead>
<tbody>
<tr>
<td>Hydraulics:</td>
<td>$60.00/hour</td>
<td>$30.00 tear-down/estimate fee*</td>
</tr>
</tbody>
</table>

*If we have to tear a tool apart to provide an estimate and the tool ends up not being repaired, there is a $24.00 tear-down/estimate fee. Work can be done in our shop or on site, depending on the nature of the work.

Rates are subject to change

MOBILE REPAIR SERVICE

Need us to come to you? Our service van offers repairs and preventative maintenance right on your site.

$75.00/hour (service and travel)

OTHER SERVICES

CUSTOM BAND SAW BLADE WELDING

NH Bragg is a Certified Welding Center for Lenox® band saw blades, meaning we provide factory-quality, custom-welded bi-metal, high speed, carbon steel, and wood-cutting band saw blades* right at our facility.

Our welders are trained by Lenox® factory specialists, and all phases of our operation are closely monitored. This means you’re ensured the highest quality welds available. Your welded blades will have perfectly matched teeth and a weld area finished to ensure uniform blade thickness and long production life.

NH Bragg also welds Dewalt bi-metal band saw blades in our in-house facility. Dewalt band-saw blades provide exceptional value and performance for general purpose cutting applications.

*Up to 1-½” wide at our facility. Larger band saw sizes can be provided through our factory services.

We are committed to providing the right products and customized services to fit your company’s unique needs

CUSTOM CHAIN SLING ASSEMBLY

NH Bragg offers a wide selection of custom chain slings using American-made Campbell® components.

You choose the number of legs, hook types, leg lengths, fittings, and chain size. Each chain sling is tagged and a certificate of compliance is provided with each fabricated chain sling.

CHAIN SLING FEATURES:

- Campbell grade 100 Cam-Alloy® material (made in the USA) holds 25% higher working load limit vs. grade 80 product, which means lighter slings with the same capacity and affordability
- Certificate of compliance for each sling
- Need it fast? We can turn-around custom orders within 24 hrs.

If you need help determining what you need for the job, just ask. Our knowledgable team can help you figure it out.

Need chain fittings to go with your new sling? We also sell shackles, swivels, turnbuckles, lifting eye bolts and more.

On January 1, 2019, NH Bragg was acquired by Horizon Solutions. Based out of Rochester, NY, Horizon Solutions was formed in 2000 as a result of a merger by three family businesses with histories dating back to 1857. Together we are a wholesale distributor of electrical, automation, industrial, energy, and safety products and services with 12 branches across New York and New England.

Sharing similar ideals, both companies have a longstanding history of serving the customer and community, developing strong relationships and providing exceptional service and support.

For over 160 years, you’ve trusted us to help your company run smoothly, safely, and efficiently. We look forward to continuing to meet and exceed your expectations, now in more ways than ever before. This union will enhance the overall customer experience, offer a more diverse product and service selection, and deliver increased value. Simply put, Horizon Solutions and NH Bragg are better together.
If you are looking for a hard-to-find product, or just have a question or comment — let us know! We will do our best to help.
