

Get access to video safety training resources from AP Safety Training, a leading provider of safety training programs. Over **7,000** organizations are training with Training Video Now. That number is growing! Resources include employee quizzes and facilitator materials in downloadable PDF format to use for training preparation.

Streaming Rental Format

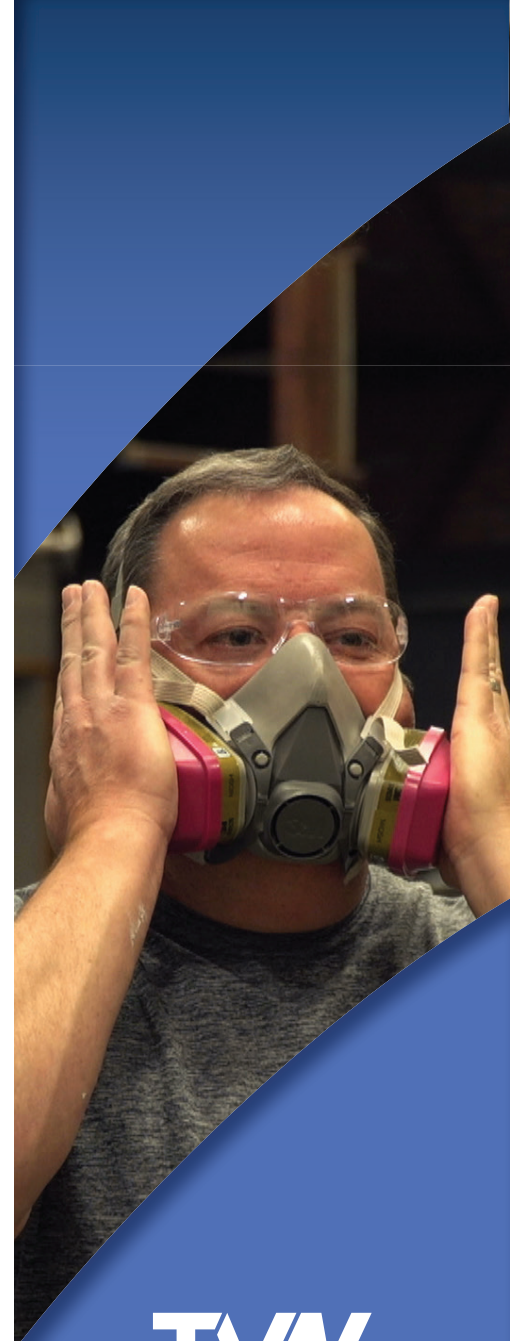

Get the training you want when you want it in streaming format using a state-of-the-art rental portal. Add DVDs to any plan to use both formats!

Flexible Rental Periods: **1 day to 1 year**

The rental period is established according to your specific training needs and allows you unlimited use of programs during that period. *No counting views!*

Refresh *your* existing training and use new videos, as we produce and distribute new programming consistently throughout the year.

Streamline your training with your choice of over **1,200** concise and instructional safety programs.
